

Aaditya Jaiswal

MERN Stack Developer

8602264797 | aadityajaiswalofficial@gmail.com | [LinkedIn](#) | [GitHub](#)

SUMMARY

Final-year Computer Science student specialized in **Frontend Web Development, with solid knowledge of Full Stack Development (MERN)** and actively building expertise in it. Skilled in creating responsive, user-friendly interfaces using Bootstrap and Tailwind CSS. Currently learning Next.js to deepen my frontend capabilities. Passionate about AI tools and committed to building smart, future-ready tech solutions. Eager to contribute, learn, and grow through **meaningful internship or work opportunities**.

EDUCATION

MediCaps University, Indore - <i>B.Tech, Computer Science & Engineering</i>	Current CGPA : 8.84	Aug 2022 - Present
Annie Besant School, Indore - <i>Higher Secondary Education</i>	Percentage : 92.4	2021

SKILLS

Front-End	: React.js , HTML5, CSS , JavaScript, Bootstrap, Tailwind CSS , UI/UX Design (Figma)
Back-End	: Node.js , Express.js, REST APIs
Database	: MongoDB, MySQL
Tools	: Git & GitHub, Git Bash , Postman , VsCode
Programming languages	: Python, C/C++, R
Soft Skills	: Verbal & Non Verbal Communication, Adaptability , Team Player, Quick Learner, Problem Solving

PROJECTS

Personal Portfolio Website | [Link](#) | [GitHub](#)

Tech Stack: React(Vite), Styled Components, CSS, HTML, JavaScript

My personal portfolio website showcasing my skills and projects. Built with React and styled components for a modern and responsive design.

LiveHire – Freelance Interviewer Hiring Platform

Tech Stack: React (Vite), Node.js, Express, MongoDB, Bootstrap, WebRTC, Monaco API, JWT

Role: Full Stack Developer

Building a MERN-based web platform that allows tech companies to hire freelance interviewers for live technical interviews. Implemented features like an in-browser code editor using Monaco Editor API and real-time video interviews using WebRTC. Designed and developed secure user flows for authentication, interview scheduling, and data management.

As a Full Stack Developer, I was responsible for **frontend development**, REST API integration, WebRTC setup, and building responsive, user-friendly interfaces using **React (Vite) and Bootstrap**. Gained hands-on experience in building scalable full-stack applications and integrating third-party tools for real-time interaction.

CERTIFICATIONS

MERN Stack Development Course |Apna College by Shradha Khapra

Comprehensive training in **MongoDB, Express.js, React.js, and Node.js for full-stack web development**. Gained hands-on experience in building full-stack applications, developing RESTful APIs, managing data and creating dynamic front-end interfaces

NPTEL Certification – Python for Data Science Elite Certification (75%) – IIT Madras | April 2025

Topics: Python fundamentals, NumPy, Pandas, data handling, visualization

Base Builder Series Bootcamp – STIC Techno Club

Covered UI/UX, Web/App development, AI & ML, and Blockchain technology.

ChatGPT Prompt Engineering for Developers

OpenAI & DeepLearning.AI Mastered techniques for optimizing AI-generated responses and enhancing AI-human interaction
